

Report of Tweedsmuir Curator
Sunnyview W.I.
Annabelle Lawrence

We shared the communication from Grey County Historical Society with members but I wasn't privileged to be present at the meetings.

Update of one member's personal auto-biography was turned in, and we always welcome any printed reports of our meetings in local papers to enter in our scrapbooks and other personal histories.

I would like to present to the members the idea that we close out our Tweedsmuir books - started in 1946. we require more paper for typing.
