

Miss Agnes Lizmore, a receptionist at Westminster Hospital, London, Ontario appealed through television in 1958 for Church or Women's Institute groups to adopt a forgotten War Veteran. Through this appeal, we adopted Mr. Howard Breckow. We hope we have brightened his life a little by a member writing to him each month, and remembering him with a little gift at Christmas, Easter, or his birthday.

We are still writing to him and sending gifts in 1972, although now a very old gentleman. With his eyesight nearly gone, others read his letters to him.

We feel this has been a very worthwhile project for our Women's Institute.
