

box socials, meetings, elections and even as a Sunday School. The ball diamond was used by the school team as well as adult teams. Cherry Grove Ball Teams have won many championships over the years.

One of the biggest excitements of the year was the preparation for the Rocklyn Fall Fair. Each Spring Mr. Cooper, from the Department of Agriculture, would arrive with his little wooden box full of seeds. Each student was given a packet of seeds to be planted and the results to be shown at the Fair. Many hours were spent practicing marching up and down the aisles of the school getting ready for the parade. The mothers were involved making white crepe paper skirts for the girls and bleached flour bag pants for the boys. Bristol board hats and red and green sashes completed the costumes for the parade. It was a thrill to have our school chosen as the "best dressed" school in the parade.

Each student was expected to enter a sample of his work in each category for his age group. A Cherry Grove student had the honor of winning the "most points" award one year. The certificate was still a prized possession 65 years later.
