We also have County Council Minutes and Proceedings, Committee Reports, and By-laws from 1852 onward. There may also be something in the Owen Sound By-laws. Although maybe not as useful, we also have the municipal copy of land registry information including Abstracts and Copy Books. We also have various maps of the City of Owen Sound including two fire insurance plans (1911 and 1931). The Reading Room also contains various reference material including books regarding Grey County and Owen Sound.
